

Arrowhead Center and the Center for Border Economic Development at New Mexico State University have prepared a study of the economic impact of Spaceport America on New Mexico for the period 2019-2024. The analysis considered Spaceport America's operations not funded by the state and focused on the spaceport's tenant operations and on out-of-state visitor spending related to the spaceport. The table below summarizes the estimated economic impact of Spaceport America's operations and activities on New Mexico for each year of the period 2019 to 2024.
